OCCUPATIONAL SAFETY AND HEALTH POLICY

Sarawak Oil Palms Berhad and its group of companies are committed to achieving the highest standards in Occupational Safety and Health (OSH), with the goal that all activities at the company premises are safe and healthy throughout our operations.

SOPB will use its best endeavors to:

- Observing and comply, so far as is reasonably practicable, with applicable OSH legal requirements;
- Promote and implement codes of practice and procedures relating to workplace OSH;
- Provide safe and healthy systems of work, ensuring all assets are designed, constructed and operated safely - including the provision of appropriate protective equipment;
- Foster a strong safety and health culture by providing instruction, training, supervision, and information to continuously improve OSH performance.

All employees, contractors, and other relevant stakeholders must understand and uphold safety and health compliance in every activity, to protect lives and company assets.
